

Kartik Ajmera

Web Developer

Chittorgarh, Rajasthan 312001 || kartikajmera890@gmail.com || +91-9799712300

ABOUT

With 1.2 years of experience as a Full Stack Developer, I specialize in designing, developing, and deploying scalable web applications. My expertise encompasses front-end technologies such as Next.js, React, and Tailwind CSS, as well as back-end frameworks including Nest.js and Node.js. I possess proficiency in databases like MongoDB and MySQL, along with TypeScript and Docker. Thriving in dynamic environments, I leverage my coding, problem-solving, and system architecture skills to deliver high-quality solutions. Committed to continuous learning, I remain abreast of industry trends, enabling me to contribute innovative strategies to any team.

EXPERIENCE

Jetbro

Full-Stack Developer

June 2023 - Present

Ahmedabad, India

- [CocoIndia](#) - Developed a corporate website for Marico from end to end. Utilized Next.js and Tailwind CSS for the frontend, Nest.js (Node.js framework) for the backend, and TypeORM with MySQL for the database. Employed additional tools like TypeScript, Docker, and ESLint. Successfully deployed the project on AWS EC2.
- [tubduk](#) - Led the creation of Tubduk, an innovative online gaming platform where users engage in games and earn rewards. Handled both frontend and backend development, utilizing a consistent tech stack (Next.js, Tailwind CSS, Nest.js, TypeORM, MySQL, TypeScript, Docker, and ESLint). Delivered a seamless user experience and ensured optimal performance.
- **Collaborative Projects** - Played a key role in multiple high-impact live projects, including [Saffola](#), [Livon](#), [Jetbro](#) and [Lehlah](#). Worked closely with cross-functional teams, contributing to the development and deployment of dynamic, user-centric web applications. Demonstrated adaptability and expertise across various project demands.

Freelance Frontend Developer

January 2024 – March 2024

- **Online Casino and betting Website** - Developed the frontend for an online casino website, focusing on creating a sleek and responsive user interface. Utilized Next.js, Tailwind CSS, and TypeScript to ensure a high-performance, visually appealing experience that meets industry standards for speed and accessibility.
